Serge - Your 24/7 Councillor
Lake Ward City of Port Phillip Council Elections
Saturday 22 October 2016

At the skate park with Renton Millar and Keegan Palmer

I would like to put my experience and my passion to work for you for another term as your Councillor. I have been a Councillor at Port Phillip for 8 years, including 3 years as Deputy Mayor. I was a marketing executive at L'Oreal and then a professional photographer. I founded and was President of unChain Port Phillip so I know how important community organisations are.

I am totally independent and not a member of any political party. I strongly believe that the major parties should not control local government.

My aspirations for our city are high and I am proud of what we have achieved. My vision for the future is twofold, to celebrate the great things about our city and to deal with our challenges regarding liveability and urban growth. I have detailed our achievements, our celebrations and our challenges on my website, www.sergeyourvoice.com
